

The United States Citizens' Tax Bill Of Rights
"Americans First Act"
ONE TAX FOR ALL
National Sales & Transaction Tax

To protect the United States Citizens from overbearing, overreaching, oppressive and unfair taxation by the income tax system it is necessary to create The United States Citizens Tax Bill of Rights and the establishment of National Sales and Transaction Tax, "One For All Tax". "Americans First, fair taxation for fair representation".

First Right: Abolish Income Taxes, all current tax laws, regulations, inheritance tax, capital gains tax, excise taxes, tax exemptions, deductions, and any/all other current tax. It will be forever prohibited to have different tax laws for any citizens and/or segments of our Great Economy.

Second Right: The IRS (Internal Revenue Service) will be the official government agency for collection of taxes. Taxes will automatically be collected through bank deposits through the Federal Banking System; and at no cost to the United States Citizen. All taxes collected will be overseen and managed by the IRS (Internal Revenue Service). The IRS will have no prosecution powers or responsibilities.

Third Right: Establish ONE TAX across the land for collection of all Federal taxes at the lowest possible rate to all citizens and segments of the economy. Taxes will be collected on all sales & financial transactions of the United States of an amount/rate determined by the Fourth Right. The system works exactly like a state sales tax but extended to all citizens and segments of economy.

Fourth Right: To have a balanced Federal budget and maintain a low tax rate to have as little or no impact on the U.S. Economy. The Federal budget will be derived by no greater than 5% of the TE (Total Economy). If the TE of sales & transactions creates an excess of taxes for more than 4 financial quarters; the tax rate will be lowered to the budget amount established by the original 5% of the total sales and transactions (Total Economy). The tax rate will never exceed 5% of TE (Total Economy).

Fifth Right: This law does not apply to transfer of money inside personal, married or business accounts.

Sixth Right: In order for all United States Citizens to have equal and fair opportunity to life, liberty and the pursuit of happiness; The ONE TAX will fairly shift money back into the consumer sector and economy to always promote and create more jobs and a healthy economy.

Seventh Right: No taxes will be established to favor any segment of the population or segment of the economy.

Eighth Right: The ONE TAX will provide for an economy without tax evasion as all citizens and all segments of the economy, including illegal businesses and illegal aliens pay taxes via purchasing of goods, services and transactions, the ONE TAX is self-enforcing as if you do not pay the ONE TAX you will not be provided with any goods, services or transactions. Furthermore, upon deposits if you did not charge the appropriate sales or transaction tax it will still be automatically deducted from your bank deposits.

Ninth Right: Abolish all tax punishment.
